

# Board of Directors

## Candidate

### Sarah Daniels

**What is your favorite Tidal Creek Co-op product or food?** Local produce and eggs.

**How often do you shop at the Co-op?** At least once a week, usually more.

**Do you have any experience sitting on a Board of Directors?** Yes, I have served on several boards and also worked with others as an employee of various nonprofit organizations, as well as in a consulting capacity.

**What unique skills or perspective do you feel you would bring to the Board?** I have professional experience in both nonprofit and small business management, as well as a master's degree in Public Administration. Some of the skills I have to offer include financial management, communications/marketing, human resources, and strategic planning. I also have a background in local food and sustainable agriculture. In addition to offering these practical skills and knowledge, I am committed to ensuring that Tidal Creek remains a place that demonstrates the best of what our larger community can become.

**What is your reason or motivation to run for the Board of Directors?** I strongly believe in the importance of modeling cooperative enterprise, especially in a society that is growing increasingly unequal and disempowered in various ways. These kinds of democratic entities thrive when members are engaged in both ongoing governance and long-term visioning. I want to serve on the Board of Directors because my knowledge, experience and passion will help sustain and grow the best of what Tidal Creek offers our community.

**What is your vision for the future of Tidal Creek Co-op?** So many good things are happening at Tidal Creek right now! My hope is that more people in the Wilmington area become part of this community. I would like to see the co-op become a place where a large and diverse membership is more engaged in helping it grow according to a collective vision.
